

Palm Sunday Kids Church Craft

You will need:

Paper

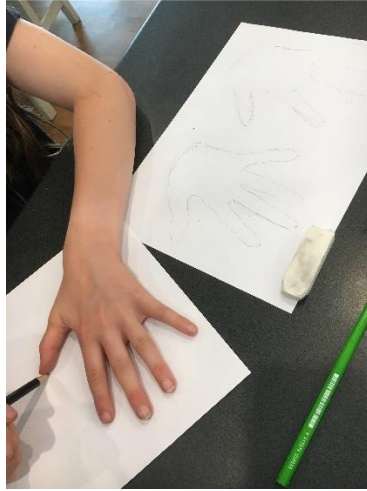

Scissors

Paints, colour pencils, crayons

A stick from the garden

Sticky tape.

Step One:

Trace around your hand. You can do this lots of times, the more you have the bigger your palm branch will end up!

Step Two:

Colour in your palm leaves. You can use pencil, crayon or paint. Ask your parents or carer to help you chose what's best for today.

Step Three:

Cut each of your palm leaves out. Perhaps an adult can help with this one.

Step Four:

Using the sticky tape, secure the leaves to your stick. Sicky tape them on the back, you can choose what order you stick them and even which way they stick out!

All Done!

Well done. You now have your own palm branch to wave like the people did for Jesus on Palm Sunday.

You can also colour in the printout (found on our web page) of a palm frond. We used paint and colour pencils

Have a great time everyone!
